I met Mr S. S. Arnold about ten days ago & had a conversation with him about my accounts & intended writing to you at once but was taken sick and was not able to do so. Arnold who was May Moore's assistant & in fact attended to the whole business, received a letter from the Great West Kent making enquiries about the A. C. of mine & Goshorn. in reply he made affidavit that most of the articles were purchased by him for the Army while in the Kaua Valley & that the A. C. were just & should be paid. This he told me was all that he thought necessary to have them paid. he also said that Cap Cleary 2. M. for the 11th Brigade wrote to the Depart & stated that he did not believe that Mr Whittaker was a true Southern man. but that he knew Mr Caldwell to be all right. I would say in regard to this last fact that Whittaker may be unround. but no matter.

when I left there I left in our store six or seven  
thousand dollars worth of goods besides large amounts  
due us on a/c. we were equal partners. most of the  
means in the business furnished by me. since I  
left he has repudiated my interest and all that  
I will be likely to get out of the concern are the  
a/c due us by the S. & A. thus you see how matters  
stand & will be able to judge how far the loyalty of  
Whittaker should affect my interest. Mr Arnold  
will be in Richmond soon if he can render  
you any aid he will do so with pleasure.

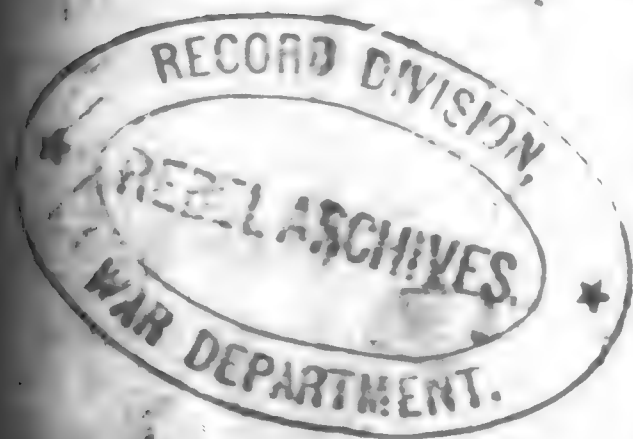

If my being present in Richmond would be of  
any assistance to you I could come on at  
any time. I will be there in the spring at ~~least~~  
any rate as I am getting some a/c in shape  
to have you try.

I understand some objection was made to the  
release in my a/c I send enclosed the items in that a/c.  
Let me hear from you as soon as you have anything  
to communicate.

Yours Respectfully

My Dear Willie

Learning from a letter from Ma  
and from Mary that you are at Point Lookout,  
I avail myself of the present opportunity  
to write you a few lines -

I regret very much to learn that you  
were as unfortunate as to fall into the enemy's hands  
but when I remember that so many of the  
old 22<sup>d</sup> sleep their last sleep, I should be  
thankful that your fate has been no worse.  
You must not be discouraged but keep a  
stiff upper lip -

I received a long letter from Mary just as  
I was leaving Shreveport she was very well. Some  
had been very unfortunate in the raid of the  
enemy in South Western La, having lost every thing  
in the world she had. When do you expect to be  
exchanged or have you any idea, I hope it  
may be soon - You must write me a long  
letter I have <sup>been</sup> going down on fags of time about  
once a month and will receive your letters  
sent by New Orleans, give me all the news from  
home as any little thing will be interesting to  
me a stranger in a strange land. I am very pleasantly  
situated in this Dept. my health has been very good  
during the winter - and has ever been (I hope)

Camp Trenton

Aug: 31<sup>st</sup> 1861

A. H. Northrop Com: Gen:  
for George & States of America  
Richmond, Va.

Sir:

I have the estimate of provisions required for purchasing subsistence for troops at Camp Trenton for the months of Sept: & Oct: next, supposed to average one thousand men.

	Qty:			
Flour	6000 Hs	at	15	90000
Meat	65,000	"	5 1/2	3,575.00
Wheat	67,500	"	2 1/2	1,687.50
Rice	6,000	"	5	300.00
Coffee	3,500	"	30	105.00
Sugar	7,200	"	7 1/2	540.00
Vinegar	600 Hls	"	20	120.00
Candles	900 Hs	"	20	180.00
Soap	2,400	"	5	12.00
Salt	4,800	"	1	48.00
				<u>\$8,919.50</u>

The above is the supposed amount of money that will be wanting to buy subsistence at this post for the time mentioned. We have on hand about 14,000 Hs. In our little store of the other provisions. It is believed that this is a good point to buy provisions. We ought to be furnished with funds to buy with for other provisions. We hope that you will give the above your ready attention.

I have the honor to renew my application for 20 days leave of absence, and would most respectfully submit that the pressing necessities of my family demand my personal presence for that length of time.

In addition I would state that a period of more than nine months have elapsed since I had a furlough of indulgence, having in fact had but two since my connection with this Regiment which dates from July 1862.

~~Surgeon~~ Surg: Logan of 17<sup>th</sup> S. C. V. will take charge during my absence, his own command being encamped but a short distance.

I have the honor to  
request that my present leave of absence which  
will expire on the 31<sup>st</sup> inst, be extended on the  
following grounds:

Owing to the recommendation of the Board of Surgeons  
for Furlough & Discharge - on the 30<sup>th</sup> ult I applied  
to Col. Gages, Chf of Ad to be transferred in accordance  
with the recommendation of above named Board.

I have not yet received any orders in reference to  
my transfer & fear that owing to the fighting  
going on recently about Richmond, that it may be  
some time before I will hear of or I return to Charleston  
on the 31<sup>st</sup> inst, the date of the expiration of my current  
absence. I may have to remain there several weeks  
waiting my orders.

From the certificates of the Medical Board, it will  
be seen that I am unfit, from the nature of  
my disease, for duty in Charleston & I cannot  
return there without detriment to my health.  
I intend this application only to cover the time I  
may be waiting for my orders - I will report as  
soon as they may be received without reference to the  
time asked for here.

I would therefore respectfully request that a  
leave of absence for thirty days, commencing from  
the 31<sup>st</sup> inst, the time when my present leave expires,  
be granted me.

I have the honor to be.

Models are being made to comply with orders requiring the Small Arm Cartridges made after the old U. S. pattern. As soon as the molds are ready the order will be complied with. The engine you sent is now in operation and the lathes you sent will be ready to work as soon as the shafting is ready which will be in a few days. The Laboratory will then be able to do all its own repairs and other work.

The Friction Primers are very good. The supply of sheet copper has been exhausted. I have commenced using a lot of sheet brass which will probably last us until the 1<sup>st</sup> of next July. I would again call your attention to the importance of securing by importation a sufficient supply of sheet brass or copper for the manufacture of Friction Primers.

I have had measures and adjustable cylinders made to fill Small Arms Cartridges. I require the measure to be verified whenever a new lot of powder is used and also twice a day even when using the same lot. I think you will hereafter find the powder charges correct.

I send you samples of work done last month. Also the grain weights you sent me. Accompanying this report you will find the monthly Statement of Laboratory Supplies on hand & Required.

I have the honor to be

that the specific gravity of the powder then used was less than that of kind formerly employed, as the charges the month previous were correct, and the same firing measures used during both months.

I will try to rectify the errors from this cause by an adjustable measure as suggested by you, and weighing each lot of powder.

I have the honor to be, Major.

Large Work 101

We made this month the maximum number of Small Arms Cartridges allowed by orders from Col. Gorgas. The return of Friction Primers is comparatively small, owing to want of Sheet Copper. Col. Gorgas seems to fear our Friction Primers are not reliable and wrote to Maj. Chan. this to confine himself to the manufacture of 15,000 per Month, until the reliability of the Friction Primers is fully established. During January I tried two hundred and forty (240) of them, and out of that number only three failed: cause, the breaking of the wire.

I send you specimens of primers used in the manufacture of Friction Primers. They are made by a machine; one hand turning out 2500 per Day with ease.

I send samples of work done during the last month. The Fuzes are not labelled as directed, but proper labels have been ordered, and I hope soon to comply with the regulations in that respect.

The Rifle Cartridge Cal. 63 was tried in the Rifle for which it was intended to answer, and found to be suited for that Calibre.

I would again call your attention to the necessity for importing a supply of Sheet Copper N<sup>o</sup>. 17. For more than half of the time we have no Sheet Copper and are consequently idle. With a sufficient supply of this material this Arsenal could with ease furnish reliable Friction Primers enough for an entire Army.

The variation in the Charges of Powder in the Small Arms Cartridges during last month can only be accounted for upon the supposition

By orders from Col. Lewis the work in the Cartridge Room is much reduced as we are allowed to turn out only 25,000 Small Arms Cartridges per week while we formerly turned out from 100,000 to 200,000 per week. I have had to suspend work now for several days on account of the want of Oil. Maj. Chas. Bliss has been making every effort to procure it and I hope soon before long resume work on Minton Primers. The supply of Copper is also very short there being no right one hand for about 2 weeks work. There are now in the M. S. House here, and ready for use over 50,000 Minton Primers made at this Arsenal. If good Minton Primers are needed anywhere in the Confederacy the supply here would be available as this Department seems to be pretty well supplied. No Report on the Samples sent from this Arsenal for November has been received. I was anxious to learn how the Signal Corps last sent ammunition and which company did the best. - of signal samples first done.

You will notice the return of Anthon Primers, is very large being 143.934. I tested this month two hundred and thirty six of these primers and out of this number twelve failed from the breaking of the wire. This result shows a less percent of failures than last month. I have in a great measure overcome the difficulty of the wire breaking. The ridge in the back of the wire arrow made gives them greater strength. The wire is serrated by machinery, the file only being used to cut the tip. One workman now serrates 2500 wires per day, while formerly working with the file it required eight workmen to do the same amount of work.

I send you samples of 1/4 inch time fuzes. Not having the proper drifts finished they are sent only to let you see their dimensions & not as samples to test accuracy in time of burning. I will as soon as possible try to comply with the order directing these fuzes to be marked off in inches and tenths of inches.

The fuzes driven this month have burned with but

Col Cuyler

I visited out to see the lot where you intended the col-  
factory to be erected. The lot lies between the B. R.  
running to Atlanta & a track just opposite to the  
mill erected for the tanning of cannon manufactures  
the Macon Arsenal & is about three  
acres. The ground is very rolling & is not wide enough  
to erect the buildings as per plan of Col Malet given  
if it was level. I can procure water for engine  
on lower part of lot, by digging a well. By obtaining  
the plan of Col Malet I can erect the buildings  
on the lot, but they will be necessarily more  
scattered than on Col Malet's plan. The ground is  
rolling that for some of the buildings it will  
require some grading. The buildings will be just  
opposite to & in the direction of the point where  
cannon are fired when tested. If this lot  
is used it will be necessary to procure some  
adjoining lot to erect temporary buildings for  
employees. This probably can be done. Col Cuyler

says the lot is much smaller than he thought it was  
& much more rolling. I think it will too cramped.

He thinks if you instead moving the manufacture of  
fixed ammunition to the Central Laboratory, that it  
would be best to erect the coke factory there also.

You said you wished, one to procure at least fifteen  
acres for coke factory & forty acres if I could. I  
can probably procure a few more acres, but not in  
the same lot.

I am at work on the coke factory buildings &  
all will be framed by next Monday or Tuesday.

I have thought it best to state the above facts  
to you. That you may direct me where I shall  
locate the coke factory, presuming ~~it~~ may be  
that you do not know, all the facts in reference  
to the location you first selected.

The coke factory buildings are being framed at  
the Central Laboratory & can be either erected there  
or at any other point you may designate.

Please telegraph me, at once, where I shall  
locate these buildings.

there is any chance to go to New York by  
the flag of truce boats, I write to ascertain

give correct information: I would then be

I have the honor to transmit you herewith a copy of Telegram from Genl Hood, in reference to sending negroes employed on public buildings to Atlanta.

I called on Col. Gibbs Commandant of this Post - on last evening for a guard to accompany negroes, about one hundred and thirty in number, who have to be sent from the C. S. Central Laboratory. He informed me the Post & guard would leave that evening. Having received no previous notice of that fact, it was impossible to get the negroes ready in time for that train.

I requested another guard, but Col Gibbs said he had received no instructions in the matter & could not furnish a guard.

As it would be useless to attempt to send these negroes without a guard, on account of their great dread of going under fire, I have the honor to request that you will order a guard to take charge of these negroes, with instructions to deliver them to such officer

We have the honor to report, that pursuant to instructions I commenced on Monday last, experiments to ascertain the loss of Copper in being - cut - rolled - annealed & secured. to put me it for the manufacture of percussion caps.

The Copper was in bars & was cut in convenient lengths for rolling - before being weighed. At the time of commencing the experiments there were no ~~bars~~ bars - all having been previously cut up for use but the loss from this cutting, if any thing, must have been very small. The thickness of these bars was 0.284 in = being No 2 on the gauge = It required (12) times annealing & (20) times rolling to bring this copper to No 15 = which is 0.072 in. By reference to table for Gauge for Sheet Metals, Ord Manl - page 405 it will be seen that the difference between the different numbers of the gauge is not uniform, but each number as it advances is less than the previous one. e.g. - No 2 - is = 0.284 in & No 3 - is 0.259 in - difference 0.025 in, while the difference between No 14 & No 15 is only 0.011 in. Hence in the first part of the experiment it required ~~12~~ (18) annealings & (18) rollings to reduce the copper from No 2 to No 6 - inclusive, while the copper was reduced from No 14 to No 15 - inclusive - at one rolling & one annealing. It required (5) times annealing & (5) times rollings to reduce the copper from No 15 to No 20 = the copper being reduced over two (2) times at each annealing & rolling the difference in these Nos on the gauge being very slight - e.g. No 25 is 0.020 in & No 26 - is 0.018 in - difference 0.002 in. These facts are stated

the reason why the thickness of the copper is not uniform at each different stage of the experiment, it being impracticable to roll it down to any certain gauge with each rolling & annealing. The following will sufficiently show the manner of annealing the experiment & the result:

In the course of these experiments it is found that  
 there are ~~two~~ <sup>some</sup> great sources of loss & ~~the~~ <sup>some of loss</sup> minor ~~one~~  
~~which amounts to 13 1/2 per cent -~~  
 The greatest loss is from the scrap, in forming the  
 caps. This is necessarily large but might be reduced by  
 narrowing the strip of copper ~~with~~ <sup>which</sup> the reactions  
 are fed. The second ~~source~~ <sup>source</sup> of loss is in  
 the annealing & rolling. This may be obviated by  
 having heavier rolls - which would require a less  
 amount of rolling & a consequent diminution of  
 annealing. The least ~~loss~~ <sup>loss</sup> is from the cutting of  
 strips which causes a loss of (11) eleven per cent. This may  
 be reduced by cutting the original bars to a proper width  
 before rolling - though there must be some loss from  
 this cause.

In making these experiments all the weighings were carefully made & all the cats found empty & defective ones taken out.

During most of the time I gave my personal attention to the weighing as & when about these matters were attended to by Prof. Wicket & I think the result obtained is accurate.

Very respectfully,

As you have been pleasantly furnished of the facts in relation to the explosion in the Pyrotechnic Room, on the 19<sup>th</sup> inst, I do not deem it necessary to say any thing further in reference to that accident. Maj. Chamberlain has made arrangements to erect other buildings & I hope soon to turn out the usual amount of work from that department.

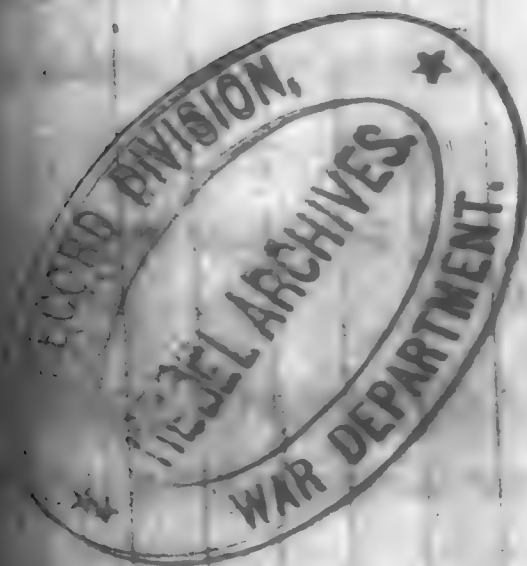

The late orders from Col. Gages, Chf of ord. directing the adoption of the ~~Old~~ <sup>new</sup> pattern in ~~1.77~~ <sup>2</sup> Cartridges for small arms - will necessitate a change in the size of the projectiles now used & I request instructions as to the proper diameter of the elongated projectiles, which ~~should~~ <sup>shall</sup> now be used ~~for~~ the various small arms in our service. I have a gauge for Cal. .577 & .58 suitable for this kind of ammunition. There are neither gauges nor any established standard, to guide me in reference to other calibres.

The Friction Brakes fabricated here last month are superior, judging from my experiments, to any ever made here before. I tested about two hundred of them last month, & there was only one failure - caused by the breaking of the wire, which was occasioned by the language being violently jerked. The number fabricated last month is over thirty thousand.

I send with this report a Statement of Laboratory Stores on hand & required.

The order directing that 30,000 Friction Drivers be  
manufactured per month, at this Arsenal, was  
complied with last month: there being 30,444 man-  
ufactured. I can with ease have even a larger num-  
ber made each month if the Sheet Copper is furnished.

All the Copper used last month had to be rolled  
from No. 12 to No. 17. The supply of Sheet Copper is nearly  
exhausted. There is probably enough on hand to turn  
out 15,000 tubes. I would request that this deficiency  
be supplied if possible. My report of daily experi-  
ments shows that during last month I tested two hun-  
dred and thirty five Friction Drivers; and that out of  
this number there were eighteen failures from all causes.

I have not succeeded yet in procuring proper  
Shells for the Fuzes. Application has been made for  
them for over six weeks. As soon as they are procured  
they will be substituted for those now in use. I send  
you specimens of work done during last month.

The last month of manufacture 3, 4, 10, 14, & 20 L.C. Sines and also other Sines (12 inch) they burnt with great regularity occasionally there was a slight variation but generally they burnt exactly to the time or at least as near by as it was possible for me to determine with a watch that marked one fourth of a second.

This report as compared with last month shows that the same

number of Sonae Arm Cartridges & Projectile Primers  
manufactured are less this than last month. This is owing  
to the fact that the supply of Lead was deficient there  
being only enough to supply the Steams about ten days  
during the month. The number of Projectile Primers are less  
owing to the want of sufficient machinery to bore out the  
cases. Another Letter has been completed and I hope the amount  
will not fall short again on that account.

I send some Cartridge Cases & Tube for Projectile Primers  
as per request on. I have instructions from Capt. Sagerant  
I have discontinued the manufacture of the Machine Cartridges  
not having Percussion Caps I have had compulsion to pack  
most of the Cartridges for Sonae Arms during the last month  
without Caps, I would respectfully suggest the propriety  
of manufacturing Percussion Caps at this Arsenal to supply  
the deficiency. I send Samples of Sonae Arm Cartridge,  
Cases, Projectile Primers, manufactured last month.  
I notice the Projectile Primers manufactured in which to see  
if the weather has affected the composition - some failures on that  
account, only two failures which was caused by the wire breaking.  
During my experiments with Projectile Primers last month  
find failures to explain causes in each case by the wire breaking.  
I take very great pains to avoid this defect which is generally  
caused by the wire being filed at some point too thin.  
I now change the tubes as recommended by you with  
Knuckled instances of High Power.

I have the honor to be  
Very Respectfully  
Yours Obedt Servant

The partial restoration of my health induced me to withdraw my previous resignation, & to believe that my physical capacity would be equal to the performance of the important duties of my position. A fair trial, however, convincing me of my error, it seems now my duty to the country & myself to give up my office & leave home in the hope of benefiting my much impaired health. Therefore, I respectfully tender my resignation, and earnestly request its prompt acceptance.

# THE SOUTHERN TELEGRAPH COMPANIES

*Terms and Conditions on which Messages are Received by these Companies for Transmission.*

The public are notified that in order to guard against mistakes in the transmission of messages, every message of importance ought to be repeated by being sent back from the station at which it is to be received to the station from which it is originally sent. Half the usual price for transmission will be charged for repeating the message, and while these Companies will as heretofore use every precaution to insure correctness, they will not be responsible for mistakes or delays in the transmission or delivery of repeated message beyond five hundred times the amount paid for sending the message. nor will they be responsible for mistakes or delays in the transmission of un-repeated messages from whatever cause they may arise, nor the delay arising from interruptions in the work of their Telegraphs, nor for any mistakes or omissions of any other Company over whose lines a message is to be sent to reach the place of destination. All messages will hereafter be received by these Companies for transmission subject to the above conditions.

Confederate States of America,

Quartermaster's Department.

At Montgomery, Ala. March 22, 1863

Col. Wm. Butler, Johnston,  
At Camp & Forts,  
Richmond, Va.

Sir:

Excuse my temporary  
absence on duty from the city meeting  
you on your visit at this post, as I  
should have been pleased to have given you  
much fuller information in the out-  
look of your inquiries, than Capt.  
Kempwood was enabled to offer you.

In addition to what has already been  
submitted, and in response to your estimate  
communication, of the 19th inst., I have  
the honor most respectfully to sub-  
mit the enclosed statement of the num-  
ber of wagons, teams &c, and the ex-  
pense necessary to carry on the City trans-  
portation here, as nearly as I can esti-  
mate it.

The first contract for city transpor-  
tation was made by the Quartermaster Genl.  
and the terms, ~~then~~ stipulated, have not  
been revised since, so much so, that

234<sup>th</sup> to the top, have been insisted  
upon in all instances, where N. K. R. E.  
and private parties have engaged at  
the rate of 2000<sup>th</sup> per ton.

Nearly 18 months ago, Genl. J. T. P. Hillman  
proposed to connect the river  
for an advance from Government of  
\$30000<sup>00</sup>, which measure, receiving  
my most cordial sanction, and being  
laid before the Congress, I urged its propriety upon Genl.  
Wm. M. C. and other members of Con-  
gress, why this was refused, I cannot  
know, but the result has been that I  
adopted the only alternative, and con-  
tinued to hire transportation as before.  
What the probable expense would be  
now of connecting the N. K. R. E. with  
I cannot say, but that an immense  
saving would accrue to the Government  
by such an arrangement is beyond doubt.

I have the honor to be,

Colonel, Very respectfully yours,  
J. S. Bachman  
Maj. Genl. U. S. A.

My dear Sir,  
I have the honor  
to acknowledge  
the receipt of  
your letter of the 11th

John Moultrie J.B.  
March 18<sup>th</sup> 1861.

Dear L. O. Hallen,  
Secretary of War,

Sir,

As I have resigned  
some time since from the Army,  
I think it proper that I  
should state something of my  
history to prevent any possible  
misunderstanding in the  
future and thereby to prevent  
all of some of the old friends  
thinking I think it would well  
entitled me to.

I graduated at the West Point  
Military Academy in 1850, and  
was assigned from the 1st Regular  
in 1851, mainly in anticipation  
of the Session of South  
Carolina. I was appointed Major  
of Artillery of S.C., and as

announced the abolition of the  
office when it became necessary  
and resigned. I have been  
for some time Captain of a  
Barrington Company of Dragoons,  
which is placed in the above  
part of South Carolina.

I was appointed 1st Assistant  
Secretary of the War at  
in 1857, and afterwards  
affairs. I returned to this  
country in the 5th of November  
last, and resigned a few  
days after in Washington City.  
Former Postmaster General  
appointment, and I selected  
a Captain, and held the  
post commission in the regular  
army of the State of South  
Carolina, and consequently the  
Adjoint Commission in the  
Confederacy. I enlisted the post  
Company of Artillery, and am  
now, and have been for  
months the second in com-  
mand at Fort Mifflin.  
From my position in Paris and  
my acquaintances in the

French army. I perhaps have had  
greater advantages of improving  
myself, in writing especially. Then  
if I had remained two years  
in the military & the rest.

I have written lately, because I  
do not wish to be considered an  
applicant on the list of writers  
and in a second time.

I respectfully refer you to the  
"History of the Graduates of the  
Military Academy, and to the  
Members of Congress from S. C.  
and particularly to the of-  
ficers of the U. S. Army who are  
assigned.

I am, Sir, Respectfully  
Your Obedient servant,  
W. Ransom, Cadet  
Capt. Artillery

Sir,

I beg to file with the  
Application already made for Capt. W. R. Calhoun  
the enclosed letter from Major Trahier. I need  
not say that a recommendation from a Trahier  
carries great weight with it. There are few  
men in our regular forces in South Carolina  
who have a fairer claim for an appointment  
in the Confederate Army than Capt. Calhoun.  
He is a graduate of West-Point.

I am, very respectfully,  
Your obedient servant,  
W. C. Anderson  
Lieut. U.S. Artillery.

Charleston, Dec. 12<sup>th</sup> 1864.

To Brig. Gen. J. M. Jordan,  
Chief of Staff and A. A. G.

After a careful investigation of the proceedings of the Court of Inquiry convened at Charleston on the 22<sup>d</sup> September 1864, pursuant to Special Orders N<sup>o</sup>. 166, Adv. Ser. Dept. S. C. and Ga., - for the purpose of examining into and reporting upon the circumstances attending the death of W. R. Calhoun, late Colonel 1<sup>st</sup> Regt. S. C. artillery, and the conduct of Major Alfred Rhett, 7<sup>th</sup> Regt. S. C. artillery, in connection therewith, I beg leave to report as follows:

That all <sup>investigation</sup> ~~efforts~~ to establish the wrongs of either Col. Calhoun or Major Rhett, as to the probable causes leading to the hostile meeting which resulted in the death of the former, <sup>were not within the</sup> ~~are, in my opinion~~ <sup>of the Court</sup> ~~ground~~ <sup>on</sup> ~~in as much as they shed~~ <sup>of direct inquiry</sup> ~~no light whatever to the~~ <sup>subject,</sup> and fail altogether in the end which is sought to be attained by them. - The intentions of men, and their secret motives of action, in their

intercourse with one another are very seldom, if ever, explained by those who surround them, and, for that reason, ought not to be scrutinized as we would material or tangible things.

Entertaining such views about the matter, I consider of very little importance all that portion of the proceedings relative to facts anterior to the duel of Col. Calhoun and Major Rhett; and I ~~maintain~~ <sup>regard</sup> that the duel only, and the circumstances <sup>as they stand in the present case</sup> resulting from it, ~~are~~ <sup>ought</sup> to be seriously weighed and examined in the present case.

The testimony shows, - that Col. Calhoun was the challenging party. <sup>for the time & upon a</sup> <sup>leaving of</sup> <sup>ground</sup> He raised all considerations of rank, to place himself on an equal footing with his Superior Officer; that the affair was, throughout, honorably and fairly conducted, according to the adopted rules governing such meetings.

While I deplore, - as all those who knew him, - the unfortunate and premature death of Col. Calhoun, whose military career would have been an honor to his country, -

Sumpter, either as Commander or otherwise.

Respectfully submitted.

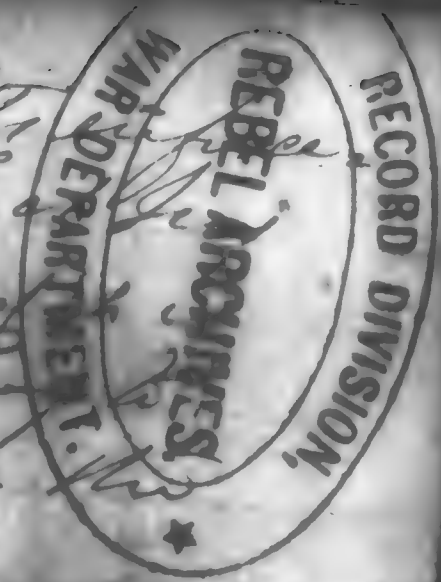

Wm. M. Thomas  
St. Col. & Asst. Surg. Genl.

I concur in the views taken by Col. Roman of the case of Major Rhett. The proceedings show that he fought with Col. Calhoun who had challenged him to the field, in unconditional terms which shut all doors to explanation; the duel was in all respects a fair one.

The Article of War, 23<sup>rd</sup> has been in existence since 1806, including since the beginning of the Revolution of 1776. when it was copied from the British records. In the meantime it has been of no use.

in the Federal Service, of its  
rank. The article in fact  
went into domestic affairs  
and just at this late date  
ought to be enforced in the  
case of Major Rhell

By the death of General  
Lafayette. Major Rhell had  
become the Lieutenant Colonel  
of the Regiment in question, a  
grade to which he would  
be entitled.

Respectfully  
submitted for the consideration  
of the Commanding General  
Morgan Stanley  
Lieut. Col. Rhell

am unable to say, and I cannot say, with any sense of impartiality, that Major Rhett, who risked his life as Col. Calhoun did his, and who acted, in this affair, as all loyal men <sup>in this region of country</sup> are expected to act, - should ~~have~~ the victim of the respect ~~accorded~~ by the movement of his antagonist, and looked upon as unworthy of all claim to the justice and sympathy of others. Major Rhett stands, in my opinion, as would stand any other gentleman who would have fought Col. Calhoun and, in so fighting him, would have caused his death. No more blame should rest upon his shoulders. Even admitting, for the sake of argument, that Major Rhett was wrong in accepting the challenge; that his wrongs were greater than Col. Calhoun's; that all the wrongs were on his side, and that he persecuted the lamented Commander of the 1st S. C. artillery, and dragged him, as it were, from the conscientious discharge of his duties, to the field of personal strife and hatred; - even with such assumptions bearing against Major Rhett, - I still maintain that he is beyond reach of any punishment, because he did not

send, but accepted, the challenge; because he fought loyally; because we cannot punish a man for having hated another man, however unpopular may have been the former, however popular may have been the latter.

The only question to be now examined is, - whether Major Rhett, who violated the 25<sup>th</sup> article of war in accepting a challenge to fight a duel with a commissioned officer, should undergo the penalty attached to said violation, and whether, in a word, as recommended by the Court of Inquiry, "further proceedings should be instituted in this case?" -

My opinion is that no further proceedings should be instituted.

Duelling among Officers and men of the Army, although forbidden by the 25<sup>th</sup> article of war, has never been seriously acted and, still less, punished, by any Military authority in the Confederate, or in the Old United States Service.

That article, on account, no doubt, of its extreme severity, is and has been, a

letter. It has never been applied, and cannot be, among men who, on all occasions, are ever ready to sacrifice rank and Commission, to preserve their honor.

To establish a precedent in this case, and to designate Major Rhett as its first victim, would, I think, show evidence of other motives than a mere desire to obey the letter and spirit of our army regulations, and to rigidly enforce military discipline.

But, Major Rhett being exonerated, as he must be, - what steps can be taken as regards his future course; - what will become of him? -

He cannot be promoted to the Colonelcy of the 1<sup>st</sup> S. C. artillery; he cannot be placed in command of Fort Sumter.

My reasons are as follows: -

Because Major Rhett having fought a duel with his Commanding Officer, and having had the misfortune, though fairly and honorably, to cause his death, ought not to be the Successor, in rank and military position, of that Commanding Officer (Rhett) to be

The assignment of Major Rhett to such a command, when every member of the 1<sup>st</sup> S. C. Artillery knows what has taken place between him and the late Col. Calhoun, would be not only injurious to the good of the service, but would, besides, be regarded as an indirect approval or sanction of the hostile meeting which makes the subject matter of this investigation. — We may not punish duelling among officers, but being aware when it is ascertained that both parties have acted honorably, but we are not allowed to encourage such practice, really or, even, apparently, — by promoting those who may <sup>have</sup> been engaged in duels. Such a procedure would be ruinous to all Military discipline. It would open the door to criminal plans of ambition, and disorganize, sooner or later, the whole system that now governs the Army.

Major Alfred Rhett should retain his commission of Major, but be assigned to other duties. He ought not to be sent to Fort

Calhoun's resignation

Charleston Jan 3<sup>rd</sup> 1866

Dear Sir

I have just - recd your  
note informing me that the  
Surgeon's certificate - accompanying  
Col. W. R. Calhoun's resignation  
has been lost - & requesting me  
to furnish a copy if possible  
or if not - the substance of it -  
I am sorry not to be able to  
send you a copy of the certificate,  
I happened to write it in Gen  
Pemberton's office when I met  
Col Calhoun & therefore did  
not transfer it to my book - but  
I remember perfectly the substance  
of it - & inclose the same to you  
with pleasure - I do not remember  
the exact date but it was some  
time in August -  
Yours very truly

is the substance of certificate given by me to  
Col W R Calhoun at the time stated at St. Louis in Aug 1862

Col W R Calhoun having applied for a certificate  
in which to ground an application for leave of  
absence, I hereby certify that I have carefully  
examined this officer & find him suffering with  
chronic gastritis & hepatic derangement - his  
continuance in this hot climate being injurious  
to his disease. I recommend that he be  
removed to a colder climate - as it is my  
belief he will not improve in his present  
residence.

Genl

I am reliably informed, that Brig  
Gen Riple, is more or less responsible, for  
the denunciations, heaped upon me here.

He has said, that I should not com-  
mand the battalion of which I am  
Lieut-Col, while he can prevent it.

He has attempted to degrade me officially,  
and socially, by accusing inexperienced officers,  
and citizens, as to my military conduct, &  
reflects upon my course, when he knows that  
it has been directed by my superior officers.

I have the honor Genl, to request that  
this communication be forwarded to the War  
Department at Richmond, and a copy of  
it furnished Genl Riple.

I am very respectfully  
Yours

Sir,

I fear the  
efforts to secure our State & I mean  
to say that the report they  
want at "Little City" is not  
from further efforts, but it is now  
known that they have landed last  
week at Luskville  
within the last week. The "In-  
form" is paper published at Bismarck.  
four days that they must make  
conquest of it at all hazards.  
that it is now important to get  
Luskville than otherwise they  
believe that our army depends  
upon it for support. In this  
belief they are confirmed by a  
very confidential officer of  
a commissary office they found  
at Luskville. The new General

 RECORD  
 178-184

Respectfully submitted  
 to the consideration of  
 the Executive the President  
 J. Cooper  
 J. H. S. S. S.  
 30. by

 vision of law it is proposed  
 appoint these officials?  
 10th. 10th. 10th. 10th.

Reply: returned to the  
 President. It is pre-  
 -sented that this application  
 of Senator Marshall  
 had reference to the  
 provisions in the act  
 of July 1864 extending  
 the power of the President  
 to appoint additional  
 Military Courts; &c.  
 at least, I considered it  
 & not knowing the views  
 of the President in reference  
 to it, I deemed it best to  
 submit the papers to him  
 in order to ascertain  
 his views. I would now  
 respectfully  
 state that whatever may  
 be the views, I do not  
 think there is, at this time,  
 a sufficient & only force  
 in Florida to justify the  
 appointment of a Military  
 Court for that state.

Hon. J. A. Seddon.  
 Secy of War

Sir:

I believe I joined in  
 recommendations for the Military  
 Court. before I left Richmond;  
 but if the appointment has not been  
 made, I beg to advise it to  
 W. C. Ball & C. E. Dyke. I will recommend  
 to them I would add W. D. Barnes  
 He is a lawyer by profession, has  
 been in the Army some two years,  
 & is well qualified for the position.  
 There must be full representation in this, as  
 each part of the State, East, Middle  
 & West, must then be represented -  
 He would make a good judge.

call a lot, & if you cannot  
appoint him Judge, I earnestly  
recommend him for this -

He is now with Genl. Hudson:  
and being in East Florida.

W. D. Barnes has only acted  
twice as Judge Advocate of a  
General Court Martial in this  
Department. The Record of those  
Courts shows no incompetency  
in the performance of the  
duties of his position. He has  
not had to be removed from  
his position

Judge Advocate of  
Barnes, a lawfully  
lawyer by profession, and  
as such, may be acquired

Sir—

I have the honor  
to recommend 1<sup>st</sup> Lieut. W. B. Barnes, Adj. G. & C.  
to carry, for appointment as Judge Advocate  
of the Mily. Court recommended to be organized  
under the late act of Congress, for the State of  
Florida.

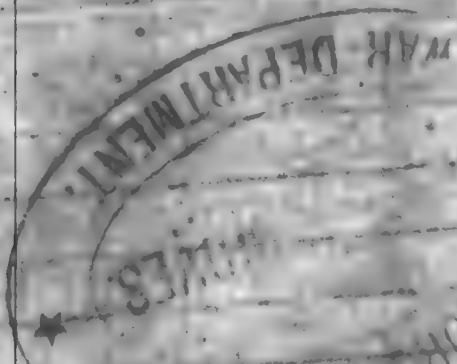

Lieut. Barnes is especially qualified  
for the position of Judge Advocate, having  
already had experience in that capacity and  
received the approval of the General Court &  
the Department for the position on which his  
duties were performed. The duties of the  
Court in this District will probably be impor-  
tant and I desire that it may be well orga-  
nized.

I have the honor to be  
with respect,

Yours obt. servt.

The District is very large.

Capt Ball is a learned

I think greatly in credit

Sir We recommend  
the appointment of Capt. Will. Ball  
one of the judges for the Military  
Court to be established in Florida.  
Capt. Ball has served on General  
Sherman's <sup>staff</sup> since his appointment. Is  
a Surgeon of great learning and lucid  
penetration before the war. We find  
us recommending him that his education  
and high character entitle him  
as higher position than the one  
he now occupies.
